This Office warmly congratulates our gold medalists from Pangasinan Universal Institute (PUI), Dagupan City, Jilian Kay Madison Fernandez, Grade 8; Matthea Flynn Sim, Grade 10, and Beatrice Gail Wong, Grade 11, who brought home the honors from the 3rd Australian Robotics Challenge, bagging gold for the 3D Design Competition and runner-up awards for the Creative Concept Challenge.

These three PUI students stood out from among other contestants from China, Korea, Australia and other teams from the Philippines in the Robotics Challenge held at the Griffith University, Gold Coast, Australia last October 28-30, 2016.

Congratulations to our winning students, their parents, their coaches and the PUI faculty and administration.
