DIVISION MEMORANDUM NO. 325,s. 2018

**TO :** Assistant Schools Division Superintendent  
Chief Education Supervisors, SGOD & CID  
Education Program Supervisors  
Public Schools District Supervisors  
All SDO Dagupan Personnel

**FROM :** Office of the Schools Division Superintendent

**SUBJECT :** PREPAREDNESS MEASURE FOR TYPHOON OMPONG

**DATE :** September 13, 2018

1. In view of the DOST-PAG-ASA Weather forecast, and based from the Dagupan City's Public Alert and Response Monitoring Center (PARMC) as of September 13, 2018, 8A.M.:  
*"Extremely Catastrophic Super Typhoon MANGKHUT (OMPONG) is now considered as the strongest for 2018 as it gained more strength while maintaining its westerly course across the Central Philippine Sea during the past 6 hours. This howler is now similar in strength to the likes of ANGELA (ROSING) of 1995, ZEB (ILIANG) of 1998, and recently HAIMA (LAWIN) of 2016 to name a few. Areas in Northern and Central Luzon must take full precautionary measures as it is only 2 days before it makes landfall somewhere in Eastern Cagayan. Based from the 24-hr Outlook: STY MANGKHUT (OMPONG) is expected to move west-northwestward across the central part of Central Philippine Sea with a forward speed of 20 km/hr. It is likely to slightly weaken on Friday (Sept 14) while over the middle part of the Central Philippine Sea, but still above STY threshold. This dangerous typhoon is expected to start affecting Northern and Central Luzon beginning late Friday (Sept 14).*
2. In this connection, the Dagupan City government has declared suspension of classes for September 13, 14, and 15, 2018 respectively to ensure safety of learners.
3. The Division likewise, as part of our preparedness measure, all teaching and non-teaching personnel, are enjoined to make all the necessary safety preparations and precautions to lessen the impact of the typhoon. All Division/School officials are advised to secure their respective offices/schools including all equipment, furniture, books, school records and important documents.
4. All Division/School DRRM Committees are activated effective immediately. All Division personnel/monitoring officials are instructed to ensure follow up and monitoring to their respective Area of Responsibility (AOR). All Division Unit heads are advised to ensure personnel tracking and give updates to the Division through the DRRM Info Chat /SDO Division Personnel. While School Heads/School DRRM Coordinators are expected to give the necessary situation updates (flooding's, evacuees encampment/decampment, and related incidents) to the Division DRRM Coordinator.
5. Call for extra diligence must be observed at all times. All are encouraged to keep monitoring for updates, stay safe and continue praying for everyone's safety.
6. Possible cancellation of work shall be upon the advice of the Local Government Units (LGUs).
7. Please be guided accordingly.

# TYPHOON SAFETY TIPS

## Community

Monitor for news and weather updates, warnings and advisories.

*Alamin ang balita ukol sa panahon at mga anunsiyong pangkaligtasan*

Prepare First Aid Kit and your GO BAG in preparation for any eventualities that may arise.

*Ihanda ang First Aid Kit at inyong GO BAG para sa mga hindi inaasang pangyayari gaya ng emergency evacuation at mga aksidente*

Know the early warning and community evacuation plan.

*Alamin ang plano ng komunidad sa pagbibigay-babala at posibleng paglikas*

Secure a list of important emergency numbers and secure important documents.

*Ilista lahat ng mga emergency hotline numbers at siguraduhin ang mga mahahalagang dokumento*

Make sure that all power banks and mobile phones and batteries are fully charged.

*Siguraduhing ang mga power banks at cellphones ay nakacharge at nakahanda anomang oras*

Know where your loved ones are and account for each other.

*Panatilihing ligtas ang lahat ng mga kapamilya Huwag hayaang lumabas ng bahay o evacuation center habang nananalasa ang bagyo*

## School

Secure all weak parts of school building and strengthen the stability of the structure by anchors and guy wires.

*Kumpunihin at pagtibayin ang mga mahihinang parte ng gusali*

Store books, teaching materials, records documents, equipment at a safe and dry elevated place to ensure protection from flood.

*Itago ang mga aklat, dokumento, at mga records kasama ang mga kagamitang de kuryente sa lugar na hindi maabot ng baha*

Learn about typhoon and other weather disturbances, signs and warnings and how to protect school children and property. Educate children on preparedness for tropical cyclones.

*Alamanin ang iba pang impormasyon ukol sa mga ibat-ibang uri ng panahon at kung paano ito nakakaapekto sa eskwelahan, bata at komunidad*

Conduct regular disaster preparedness drills and simulations.

*Magsagawa ng mga aktibidad ukol sa disaster preparedness*

Observe DepEd Policies on class suspensions and school-based decisions in coordination with local government units (LGUs).

*Basahin ang mga polisiya hingil sa class suspension at pakikipag ugnayan sa mga local na gobyerno*

Region and Division offices are directed to monitor and provide technical support to schools in implementing disaster mitigation activities.

*Inaatasan ang mga Region at Division Offices na makilisa at mag bigay ng teknikal na suporta sa mga gawain at paghahanda sa mga kalamidad*

## Preparedness Measures for Rainy Season

The rainy season has officially started. Please follow the safety tips as prescribed by DepEd Memo 108 s.2016

Increase preparedness and safety of all school personnel and learners

Safety of school properties, learning materials and vital school records from any possible occurrence of hazards to enable learners' continued access to education is a must

Ensure that school buildings can withstand heavy rain and strong winds. Anchor the facilities built at ground level with guy wires to strengthen the stability of the structure

Identify a safe storage area for safekeeping of learning materials, teachers' manuals, vital school records and equipment. Elevated room is ideal to ensure protection from rain and flood

Turn off and unplug electrical equipment and appliance when not in use

Equip schools with first aid kits, flashlights, megaphones, and other necessary supplies that may be needed in times of emergency. Ensure that these are safely stored and easy to access

Prepare the school for a possible use as evacuation centers and ensure that the staff-in-charge of the keys are easily accessible

Regularly conduct school disaster response drills or simulation, post emergency hotline numbers in classrooms and offices, update database of students and their family contact details; and prepare contingency plan
