Dear **Dr. Bugayong**:

Greetings from Pangasinan PDRRMO!

Resilience and adaptation to climate change is one of the major development issues that threatens to slow the country's growth and one way to address these issues is through significant engagement from the local level.

Hence, the Pangasinan PDRRMO will be holding **1<sup>st</sup> Climate Change SUMMIT: Survive and Thrive Together** which aims to bring together groups from the vulnerable sectors in Pangasinan to raise Climate Change awareness and to instill practices/projects that will help in the reduction of its impact. With an expected attendance of 1000 participants composed of farmers, fisherfolks, school disaster coordinators, local disaster risk reduction and management officers (LDRRMOs) and SK officials, we hope to mainstream Climate Change Adaptation down to the grassroots.

In this regard, **we have allotted 20 slots for Dagupan City school disaster coordinators.** As the lead office of Dagupan City Schools, **may we respectfully request for the support of your good office by inviting school disaster coordinators on our behalf to participate in the 1<sup>st</sup> CC SUMMIT on December 5, 2018, 8:00AM-5:00PM at the Narciso Ramos Sports and Civic Complex (NRSCC) Gymnasium, Lingayen, Pangasinan.**

Furthermore, **kindly encourage the participants to bring their own spoon and fork to support reduction of plastic pollution.**

Should you have inquiries, please do not hesitate to contact us at **(075)542-3347** or at cellphone numbers **0918-934-5754 / 0917-150-5754** and look for **Ms. Christalene B. Laoang** of PDRRMO Research and Planning Unit.

As the Pangasinan PDRRMO continuously aspires of enhancing resilience and community-based adaptation to climate change, only together can great results be achieved. With this, we hope to receive your most favorable response regarding this invite.

Thank you in advance for your unerring support!

For and by Authority of the Governor and PDRRMC Chairman:

*Rhodyn Luchivar O. Oro*
