All Teaching and Non-Teaching Personnel

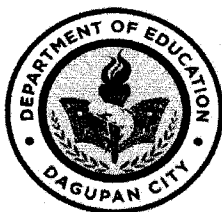

From: MARIA CELIA JUNIO-FERNANDEZ, Ed. D., MDM-SEC
Schools Division Superintendent

Subject: MEDICAL UNIT'S BACK TO WORK RESPONSE

Date: June 29, 2020

1. Reports indicate that the teaching personnel are confused if all of them would be required to report to their respective schools, and unsure if they would first secure a medical clearance from government hospital/physician or RHU.
2. In order to set the record straight, the following guidelines are set forth for the information of everyone:
 - a) The Medical Unit shall release the names of personnel who may physically report for work. Those whose names have been included in the list would be considered "Fit to work" which should be understood to include those who do not have any underlying illness/es based on their medical records as a result of examination that the Medical Unit had conducted through online health survey on June 16, 2020.
However, the Medical Unit reserves its authority to undertake further evaluation on any of these records, if necessary.
