SUBJECT: REQUEST FOR ENDORSEMENT

Dear Usec. Mateo,

Warm greetings from the UP College of Mass Communication Foundation,
Inc.(UPCMCFI)!

The UP College of Mass Communication Foundation, Inc., in partnership with DOST
- Science Education Institute (SEI), will conduct a three-year research study that will
look into the perception and relevance of science among grade school students. The
study titled, *Appreciating Science: Perception of Science Among Filipino K3 to K6
Students in the Philippines* is the first of a series of projects that will be implemented,
results of which will pave the way for the development of a communication and media
plan to promote science among Filipino Grades 3 to 6 students.

May we request the endorsement of the Department of Education and encourage the
participation of teachers and students in survey interviews, focus group discussions,
and key informant interviews? We will also appreciate it if you will endorse our study
to the regional offices of the Department of Education. The endorsements will greatly
aid us in securing informed consent as well as parental consent for the schoolchildren
and facilitate the conduct of our data gathering activities.

Enclosed please find the UPCMCFI executive summary of the study, as well as the
list of the schools where the participants will come from for your reference. We intend
to start the project when the classes open in August 2020, and we are ready to switch
from face to face to online platforms as we see fit in accordance with your advice and
condition of the schools and students.

Should you have any queries and concerns, you may call UPCMCFI's Executive
Director, Ms. Rissa Silvestre, or our UPCMCFI Assistant, Ms. Katrina Ramos at the

telephone number (+632) 8929-2671 or email "UP College of Mass Communication Foundation, Inc. (UPCMCFI)" upcmcfi@gmail.com. You may also reach us through the landline at (+632) 8981-8500 local 2678.

Thank you very much and we look forward to your favorable response.

Sincerely yours,

ARMINDA V. SANTIAGO, PhD
