DepEd-Region I

Sir:

Greetings!

The Department of Education is expecting a 100 percent face-to-face implementation for the School Year 2022-2023. With the framework of reopening schools, at the center is the shared responsibility between the Department of Health and the Department of Education. The framework effectively engages the entire society in making sure that learners are safe and healthy while attending face-to-face classes. Specifically, the framework puts the learner's health and safety at the heart of the implementation, allowing them to learn better.

In preparation for the implementation of Face to Face Class for the next school year, the Public Health Unit, through its Health Care Provider Network and Community Services and Health Education and Promotion Unit in partnership with Department of Education-Cordillera Administrative Region and Philippine Pediatric Society-North Luzon Chapter, will be conducting Usapang Salun-at sa Komunidad 2022 Special Edition Para sa mga Guro, Estyudante at Magulang with the theme "Ligtas na Balik Eskwela" on July 28, 2022, from 9:00 am-12:00nn via Online Platform (CISCO Webex). The session aims at raising awareness among the target participants to ensure, efficient and safe implementation of face-to-face learning.

In this regard, we would like to collaborate with your good office and invite **TEACHERS** from Region 1 to participate in the said activity. Thank you for your support.

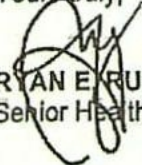

Attached herewith is the program, registration link, and meeting link. Thank you!
