

GRADUATION MESSAGE

In this time of the PANDEMIC, learning becomes unique. You just must enjoy your learning adventure.

But even if there are a lot of challenges and sacrifices brought about by COVID-19, now it is time to relax after all the hard work.

At this point of an important milestone and memories in your life, congratulations, and best wishes for your continuing success. You've worked very hard to achieve your goals and now you're on your way to seek new vistas, dream new dreams, embark on who you are, embrace life with passion and keep reaching for your star. Go for it! Fly high....

After completing your Senior High School years, now is the beginning of chasing a dream which requires efforts, passion, and hard work. You are now in the halfway. Keep up your good work and continue to strive.

Nothing can stop you now. You have a ticket to your dreams, go for it. May your graduation from your school be the beginning of a bright future and offer you a better life ahead. May I advise you to double/triple the efforts you exerted in your high school days/years, because college studies are far bigger, complicated, and more complexed. You need a lot of sacrifice, tolerance, patience, and guts if you aim to succeed.

You will make mistakes and fell down many times in your college life, don't give up. Consider that the path you will take is rough, obstacles and challenges abound. Do not give up - it is just part of experience and those are challenges. "Ang sumusuko ay hindi nananalo."

Remember the past, live in the present and look forward to the future! May this academic achievement you have be just the beginning of a lifetime of fulfillment which may bring you to a better life.

Again, Congratulations on your graduation! The adventure begins!

EDILBERTO R. ABALOS, Ed. D

Chief Education Supervisor
