Re: Updated Report on Membership Registration and Sustaining Remittance  
 Date: February 3, 2025

We would like to extend our deepest gratitude for your continued support to the Girl Scouting Movement. It is also our all-time pursuit to make girl scouting in our division, to be revitalized and maintain its status as one of the Top Performing Councils, not only in the whole Northern Luzon Region but also in the National Level, especially on Membership Registration and Program Implementation.

However, it is saddening to note that we had only accomplished below 70% of our goal on Membership, as set by the National Office, for this Semi-annual Performance Rating, despite the Membership Subsidy from the City Government. Nonetheless, we are still hopeful that our Membership Accomplishment will increase before the school year ends, since DepEd had affirmed its support to the GSP as its partner in the holistic development of our young girls into responsive and responsible citizens of our country.

We would like to commend all the schools who were able to register 90% - 100 % of their girls and remitted 100% of their Sustaining Fee. We expect, therefore to receive more membership registrations from your respective school as we continue to discover our girls' fullest potentials and make them better individuals.
