**INVITATION TO PARTICIPATE IN THE FILM SHOWING "UNFILTERED" DURING  
NATIONAL MENTAL HEALTH MONTH**

This is to inform all concerned that **Department of Health Region I Medical Center, Dagupan City** in line with the advocacy of the Department of Health to promote mental health awareness, is inviting all Junior High School & Senior High School students in various public schools to participate on the conduct of film showing featuring **"UNFILTERED"**, a full-length educational and musical film by ISYOOT Multi Media Production that will be held on **October 24, 2026, 9:00 A.M. at CSI Stadia, Dagupan City.**

The film portrays the real-life experiences of young people as they navigate issues related to mental health, identity, relationships, and self-expression. Designed as an educational and advocacy tool which provides an engaging platform for students to reflect on issues that may be relevant to their own experiences.

The entrance fee will be covered by the City Office headed by Honorable Mayor Belen T. Fernandez.

Participation of both public and private schools shall be on a voluntary basis only and subject to the **no-disruption-of-classes policy** stipulated in DepEd Order No. 9, s. 2005 entitled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith.

For more details, kindly contact the Department of Mental Health

**Request for Approval to Allow Students to Participate in the Educational and Musical Film "UNFILTERED" During National Mental Health Month**

Dear Sir:

Mental health is a fundamental component of overall health and well-being. In the Philippines, the observance of National Mental Health Month every October, together with the annual commemoration of World Mental Health Day on October 10, highlights the importance of promoting mental health awareness, reducing stigma, and fostering safe and supportive environments where individuals can openly discuss mental health concerns and seek appropriate assistance.

Young people today continue to face various challenges that may affect their mental health, including academic pressures, family and social expectations, identity formation, interpersonal concerns, and the increasing influence of digital media. These experiences can significantly affect their emotional, psychological, and social well-being. In this regard, parents, educators, healthcare professionals, and other stakeholders play an important role in recognizing these challenges and creating safe, inclusive, and supportive environments that promote resilience and positive mental health.

In support of the observance of National Mental Health Month and in line with the advocacy of the Department of Health to promote mental health awareness, the Department of Mental Health of Region 1 Medical Center proposes the conduct of a film showing featuring "UNFILTERED," a full-length educational and musical film by ISYOOT Multi Media Production.

The film portrays the real-life experiences of young people as they navigate issues related to mental health, identity, relationships, and self-expression. Designed as an educational and advocacy tool, "UNFILTERED" provides an engaging platform for students to reflect on issues that may be relevant to their own experiences. It also aims to encourage meaningful conversations, foster empathy, challenge misconceptions, and promote a deeper understanding of the mental health realities faced by today's youth.

In this regard, we respectfully request your approval to allow students from the Department of Education to participate in the scheduled screening of "UNFILTERED" on October 21, 2026, 9:00 AM at CSI Stadia, Dagupan City.

(075) 523-4103  
region1mc@gmail.com

The entrance fee will be covered by the City Office headed by Honorable Mayor Belen T. Ferenandez.

The proposed activity aims to reach students from partner educational institutions, recognizing that mental health promotion is a shared responsibility across all sectors. Through an engaging medium such as film, the activity seeks to strengthen students' understanding of mental health concerns, encourage appropriate help-seeking behaviors, and promote a culture of respect, inclusion, empathy, and psychosocial support.

We believe that providing students with opportunities to learn and reflect on mental health through an educational and creative medium can complement the institution's efforts in promoting the overall well-being of its learners. Their participation may also contribute to creating a more informed, compassionate, and supportive school community.

Through this activity, Region 1 Medical Center reaffirms its commitment to advancing mental health promotion, gender responsiveness, and the overall well-being of the communities it serves. We sincerely hope for your favorable consideration and approval of this request.

Thank you very much for your continued support and partnership in promoting mental health awareness among our young people.
